

Our LeadScan systems help connect buyers and sellers by providing you with additional data on visitors to your stand. A simple scan of each attendee's registration badge unlocks valuable contact, demographic and sales action information that's linked to the barcode on every attendee's badge.

Option 1

LeadScan OPN + USB flash drive

Small, handheld scanners that store all your leads in its internal memory, giving you a convenient, portable, wireless form of lead storage.

The hand-held barcode scanner system is simple and easy to use. A simple scan of each attendee's ID registration badge unlocks the valuable contact information that's linked to a barcode on every attendee's badge. At the end of each day we will retrieve sales leads you have scanned and provide them as an excel or .csv file which can be stored on a portable media storage device such as usb flash drive (supplied by an exhibitor)

Option 2

Leadscan Advanced + USB flash drive

Please note: this option requires power point socket on your stand

An easy to use integrated badge scanning system which includes a laptop computer with attached barcode reader as well as a badge scanning software to capture, view and qualify leads. The software has also a built in option to make those important notes to a scanned record.

Exhibitors simply scan an attendee badge and either an ID or personal badge details are displayed on the screen. A standard 20 fields customised questionnaire is also provided to quickly qualify an attendee.

Users can edit records, add notes, and browse through all leads collected. Full data details are downloaded in .csv format to a usb flash drive (supplied by us) either daily or at the end of the show.

KEY FEATURES	LeadScan OPN (option 1)	LeadScan Advanced (option 2)
Easy to use "no touch" scanning technology for fast lead collection	✓	✓

I understand that I am responsible for the proper use and safe keeping of the LeadScan system covered by this agreement and that I will be liable for the loss/damage or failure to return equipment within 1 hour after closing of the event in the amount of £350 per unit (leadscan OPN) and £650 (LeadScan advanced). I agree to pick-up and sign for the equipment on-site at the main Registration Desk (exhibitor LeadScan pick-up area) during exhibition build up days.

I understand that payment is due at the time the order for equipment and services is placed. I agree that RegBox shall not be liable for any special, incidental, or consequential damages arising from the loss of lead information as related to RegBox's equipment. I accept that RegBox cannot guarantee that attendees will supply full data.

In addition I understand that RegBox must receive cancellation requests in writing, at the address on this agreement, no later than 14 business days prior to the opening day of the event. Requests for cancellation that are received by this deadline will be refunded in the amount equal to 75% of the total price of the order. No cancellation requests or refunds will be accepted after this deadline.
