NCRI newsletter

Welcome to our latest newsletter (issue 3, 2015)

Last month was a busy one for NCRI - we held our Annual Meeting where our new Chair and Trustees were elected, and had our Summer Meeting where our Partners and other key stakeholders discussed the progress of NCRI initiatives and future priorities. We also launched our new Consumer Forum - and its members already have an update for us.

Read on to find out more, and to catch up on other research-related news from the NCRI Partnership and beyond.

Best wishes
The NCRI team

This issue's features

Welcome to NCRI's new Chair and Trustees

Baroness Delyth Morgan has been appointed as Chair of NCRI, taking over from Harpal Kumar. Five Trustees have also been appointed to our new Board of Trustees.

Highlights from our 2015 Summer Meeting

The 2015 NCRI Summer Meeting brought together senior representatives from NCRI Partner organisations, industry and patient representatives, and other key stakeholders in the field of cancer research. It was an opportunity to reflect on progress made so far in NCRI's collaborative initiatives and to look forward to priorities for NCRI in the year ahead.

Hitting the ground running - news from the NCRI Consumer Forum

The new NCRI Consumer Forum has been formed to take over the role of the former Consumer Liaison Group (CLG), with a more focussed remit. Already its members are making waves - they had a strong presence at the NCIN Conference in Belfast in June, asking questions from the floor, contributing to debates...and winning poster awards!

Updates across NCRI activities

Latest analysis of NCRI's Cancer Research Database now available

Each year NCRI collects data on research funded by its Partners in the NCRI Cancer Research Database (CaRD). This enables us to analyse and keep track of the UK cancer research landscape; highlighting trends and gaps in funding across a range of research areas. Data for 2014 have now been analysed and are available to download.

Advances in Surgical Oncology session at our Conference

Chaired by Professor Richard Shaw, and with a panel of experts presenting on advances in the field of surgical oncology, this parallel session will be held during the NCRI Cancer Conference in Liverpool. Earlybird registration rates for the Conference are available until 31 July.

CTRad: developing the latest radiotherapy trials

CTRad's most recent Proposal Guidance Meeting took place in June and, as well as being a milestone as the tenth meeting, it was also the first meeting where ideas in proton beam therapy research were brought to the table.

Supporting a healthy future for scientific research under the Data Protection Regulation

NCRI's Confederation of Cancer Biobanks (CCB) has joined patients, academics and other non-commercial research organisations to support the Wellcome Trust's position on trilogue negotiations between the European Parliament, the Council of Ministers and the European Commission.

The EORTC Collaboration Pathway has now been launched

Members of our NCRI Clinical Studies Groups (CSGs) collaborate with the European Organisation for Research and Treatment of Cancer (EORTC), however the connections have primarily been via personal links and a consensus on a single efficient mechanism to explore EORTC clinical trial collaboration has been lacking - until now.
